Rhyme Records is a record company based in the United States with a focus to promote the rich musical heritage of India.

India has always been recognized as a land of diversity with an assortment of musical genres. Geniuses such as Ravi Shankar, Ali Akbar Khan, Zakir Hussain are just a few of the many talents that India has produced. Apart from these mentioned few, there are a growing number of talents that need to be introduced to the world outside of India.

And in this light, *Rhyme Records* has undertaken the task of promoting the musical talents that deserve to be endorsed. Our vision is to be the vehicle that promotes the cultural heritage of India.

Rhyme Records projects are creative in nature with unprecedented attention to quality. Our recordings are done purely in the digital domain using 24 bit/96 kHz digital technology with 3-D surround sound to ensure true-to-life performances. Not just great sound, but a sense of realism!

At *Rhyme Records*, creativity and quality are the essence behind our existence
